<b>AGE of dancer:</b>			

**PLEASE SEE ORDER FORM WHICH MEASUREMENTS ARE NEEDED!**

- (1) **Chest** – Measure around the widest part of the chest.
- (2) **Waist** – Measure around the narrowest part of the belly. The dancer should be relaxed and let the dancer breathe in and out a few times.
- (3) **Shoulder to cuff** – Measure from the edge of the shoulder to where the sleeve should end. Dancer should bend the arm and measure along the elbow.
- (4) **Shoulder to neck** – Measure from start of the neck to the end of the shoulder (where 3 starts).
- (5) **Skirt length** – Measure from (2) to where you want the skirt to reach (mid-knee is normal).
- (6) **Shoulder to shoulder** – Measure across the shoulder blades from shoulder seam to shoulder seam.
- (7) **Top of shoulder to hip** – Measure from the neck bone down the spine to the hip line where you want the hem of the top to reach.
- (8) **Hip** – Measure around the widest part of the hips.
- (9) **Pant length** – Measure the **inside** leg from crotch to desired length. Dancer should wear dance shoes and the pant usually ends about 5-7 cm above the floor.
- (10) **Upper arm** – Measure around the part of the arm just above the elbow.

**Tips**

- Measure over correct underwear.
- Do **not** add extra room for growth, children will get extra room in the side seams and shirt/pant hems
- Make sure the dancer is standing straight and not looking down.
